Education

CSIBER College, Kolhapur

M.Sc. Computer Science (Cyber Security)

June 2023–May 2025

Kolhapur, Maharashtra

Doodhasakhar Mahavidyalaya, Bidri

B.Sc. Computer Science

June 2020–March 2023

Bidri, Kolhapur, Maharashtra

Professional Summary

Software Developer with hands-on experience in Java, Spring Boot, React.js, PostgreSQL and RESTful API development through industry training and full-stack projects. Proficient in designing scalable backend applications, implementing secure JWT authentication and building responsive web applications using modern development practices. Seeking an entry-level Software Engineer or Java Full Stack Developer role to contribute strong backend development skills and continue growing in enterprise application development.

Experience

YashUma Global Venture Pvt. Ltd.

Graduate Engineer Trainee

Feb 2026– Aug 2026

Kolhapur, Maharashtra

- Developed production-ready full-stack applications using Java Spring Boot, React.js and PostgreSQL during a six-month Software Developer Trainee program.
- Designed and developed RESTful APIs using Spring Boot, optimized CRUD operations with Spring Data JPA and Hibernate, built dynamic React.js user interfaces and managed relational data using PostgreSQL.

Projects

Food Delivery Web App | *Spring Boot, React.js, PostgreSQL*

Feb 2026– Mar 2026

- Developed a modular React.js frontend with reusable components and designed a normalized PostgreSQL database containing 10+ relational tables for restaurants, menus, customers, orders and payments.
- Designed and implemented a layered Spring Boot architecture using Controller, Service and Repository layers with Spring Data JPA for maintainable backend development.
- Integrated JWT authentication and role-based access control for customers and admins. Built RESTful APIs for restaurant listing, menu management, order placement and payment workflows.

Water Jar Distribution Mobile App | *Spring Boot, PostgreSQL*

Apr 2026– Jun 2026

- Created an Android water jar delivery application with Flutter for ordering and delivery tracking by customers.
- Developed RESTful APIs using Spring Boot for customer management, inventory tracking, order processing and delivery management.
- Integrated Spring Boot REST APIs and PostgreSQL to enable real-time order synchronization and delivery tracking.

Training & Internship

FUEL Institute (Friends Union for Energizing Lives)

Core Java Training

March 2025

Pune, Maharashtra

- * Completed hands-on Java training covering OOP concepts, Collections Framework and core data structures using IntelliJ IDEA.

DCDIUM Technologies Pvt. Ltd.

Cyber Security Intern

June 2024-Nov 2024

Pune, Maharashtra

- * Configured firewall solutions and conducted remote security analysis, network troubleshooting and protocol documentation.

Technical Skills

Languages : Java, SQL, Python, JavaScript

Frameworks : Spring Boot, Spring Data JPA, React.js, Hibernate, Django, ASP.NET

Database : MySQL, PostgreSQL

Tools : Git, GitHub, Maven, Docker, Linux, Postman

IDE : IntelliJ IDEA, VS Code, Visual Studio
